FINISHES AVAILABLE (CHROME STANDARD)

PVD COATING

- PVDPB - Polished Brass**
Particularly durable with a vintage flair and won't rust or corrode.
- PVDC - Copper**
Classic, warm and bold, it stands out in an incredible way.
- PVDAB - Antique Bronze**
Dramatic and striking, adds a great ambience and a touch of texture.
- PVDSG - Satin Gold**
A velvety effect that is particularly recommended for contemporary and industrial styles.

ELECTROPLATING

- Polished Chrome**
Resistant to rust and corrosion, chrome is cost-effective and easy to clean.
- SG - Satin Gold**
A velvety effect that is particularly recommended for contemporary and industrial styles.
- SBN - Stainless Steel (Brushed Nickel)**
The matte appearance of this sophisticated and cool finish hides fingerprints and water spots.

POWDER COATING

- MB - Matte Black**
Exceptionally versatile, easy to clean and doesn't show dirt, water spots or fingerprints.

AISI 316

- Satin Stainless Steel**
One of the most widely used austenitic stainless steels. Has a great improvement in corrosion resistance.
