MODEL 220-700

TOUCHLESS HIGH SPEED HAND DRYER

PRODUCT FEATURES:

- Grey Finish ABS Plastic
- Wall Mounted
- High speed, economical brush motor
- 15 second drying time: energy saving
- Environmentally friendly, durable and hygienic, dries hands without contact
- Noise level / Decibels 70db
- Overall Dimensions:
556mm H X 175mm D x 296mm W

PRODUCT DATA:

CONSTRUCTION:

Outer Case: Manufactured of Grey ABS Plastic
Motor: Long-life energy saver

ELECTRICAL SPECIFICATIONS:

ELECTRICAL SUPPLY:	AC220-240V / 50Hz / 8A
MOTOR:	Brush Motor
INPUT POWER:	1400W-1750W
AIR VELOCITY:	92m/s
NET WEIGHT:	5.8kg
PROTECTION CATEGORY:	IP24

INSTALLATION:

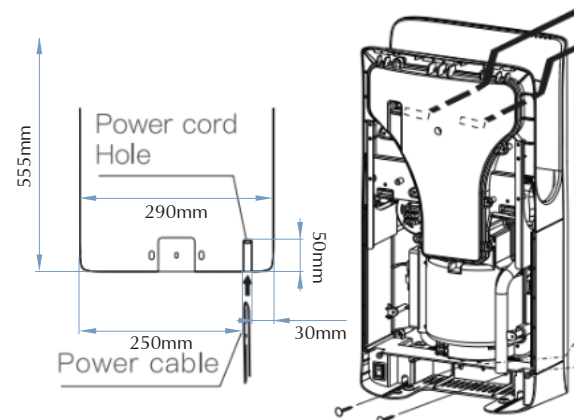

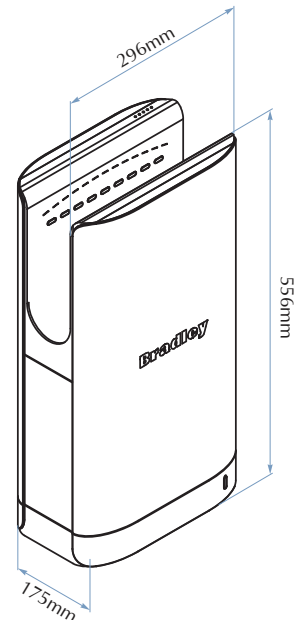

Power cord is at the bottom left of the hand dryer when looking at it from front on or on the right side when looking at the hand dryer from the rear

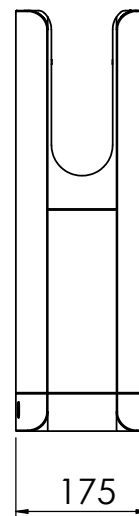

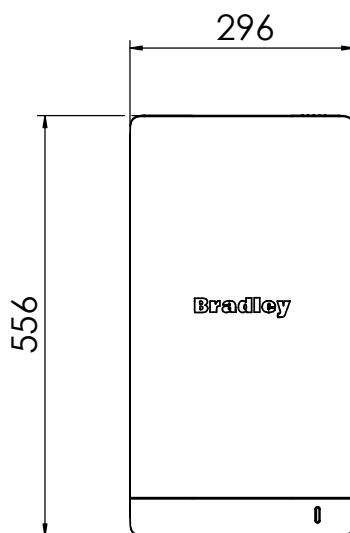

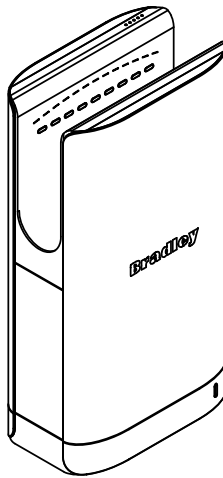

RECOMMENDED INSTALLATION HEIGHT FROM FLOOR:

Men's Washroom	1200mm
Women's Washroom	1150mm
Children's Washroom (ages 11-15)	1110mm
Children's Washroom (ages 5-10)	850mm

OPERATION:

Applies a gentle but powerful gust of high-speed, cold or warm air to both sides of the hands. The high-speed air blows the water from a user's hands as they slowly remove them from the dryer opening. This 'dual jet drying' process literally forces water from both the palms and backs of hands in seconds. High and low sensors prevent water drops from reaching the body. It is also less messy than conventional electric hand dryers or paper towels.
