MODEL 220-700W TOUCHLESS HIGH SPEED HAND DRYER

PRODUCT FEATURES:

- Wall Mounted
- 15 second drying time: energy saving
- Environmentally friendly, durable and hygienic, dries hands without contact
- Hepa Filter
- White ABS plastic
- LED display
- With ultraviolet lamp
- Noise level / Decibels 70db

Overall Dimensions:

700mm H x 300mm W x 215mm D

PRODUCT DATA:

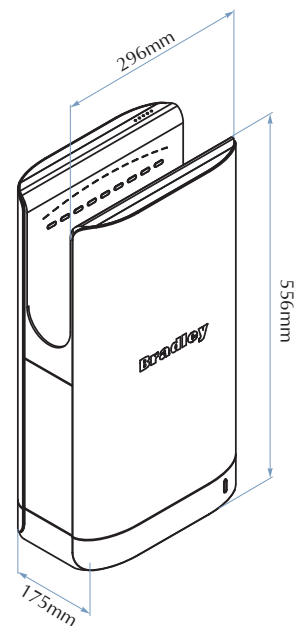

CONSTRUCTION:

Outer case: Manufactured of white ABS plastic

Motor: Long-life energy saver

ELECTRICAL SPECIFICATION:

ELECTRICAL SUPPLY:	AC220-240V
MOTOR:	Brushless motor
INPUT POWER:	1650-2050W
MOTOR POWER:	700W
AIR VELOCITY:	95m/s
NET WEIGHT:	9.5kg
PROTECTION CATEGORY:	Class II
AIR TEMPERATURE:	20-40°C

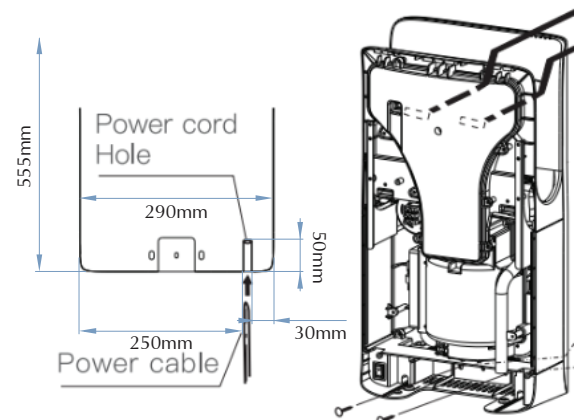

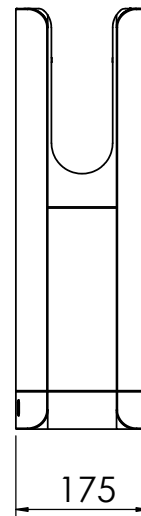

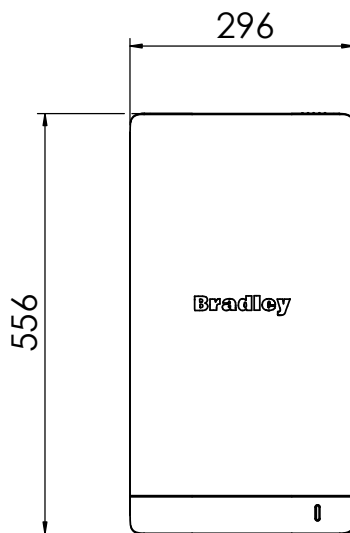

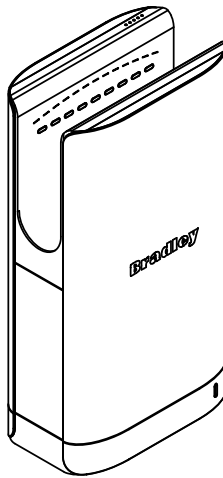

RECOMMENDED INSTALLATION HEIGHT FROM FLOOR:

Men's Washroom	1200mm
Women's Washroom	1150mm
Children's Washroom (ages 11-15)	1110mm
Children's Washroom (ages 5-10)	850mm

OPERATION:

Applies a gentle but powerful gust of high-speed, cold or warm air to both sides of the hands. The high-speed air blows the water from a user's hands as they slowly remove them from the dryer opening. This "dual jet drying" process literally forces water from both the palms and backs of hands in seconds. High and low sensors prevent water drops from reaching the body. It is also less messy than conventional electric hand dryers or paper towels.
