OPERATION:

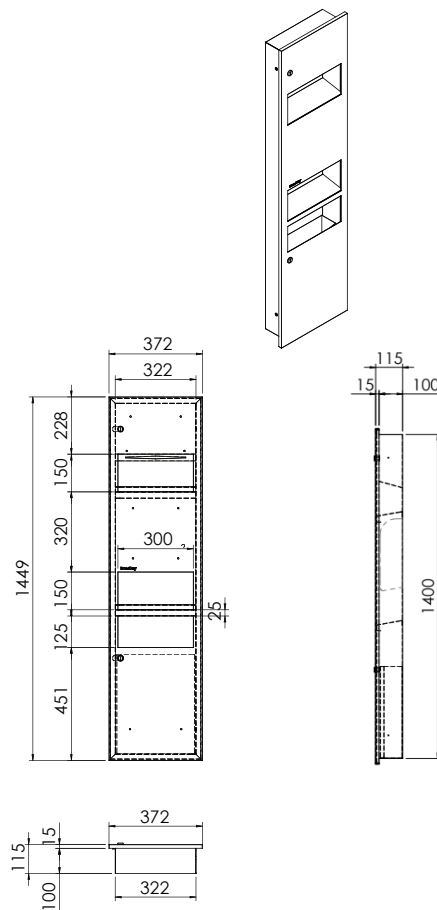

Holds interleave paper towel for single use without the use of special adaptors. Hand dryer is infrared sensor operated by placing hands into second hole below dryer as indicated. Waste receptacle is large capacity allowing towel to fall to base, alleviating messy washroom.

INSTALLATION:

Recessed unit requires rough wall opening wall cut out 330mm W x 1410mm H x 100mm D. Set opening minimum 100mm from the finished floor. Hand dryer requires 10 amp power supply. The installer must ensure that all installation work complies with any applicable laws, codes, standards and authority requirements in force at the time of installation.

PRODUCT DESCRIPTION:

Model 2827A is a 3-in-1 slimline combination unit integrating a hand dryer, paper towel dispenser, and waste receptacle into one compact solution. Featuring a contemporary design in satin-finished stainless steel, it delivers both durability and a refined aesthetic for modern washrooms. This model incorporates the Bradley 220-301-8 Slimline Hand Dryer and accommodates interleaved paper towels (recommended: Bradley Model 2001). The integrated waste bin has a 15-litre capacity. Ideal for mid to high-volume public washrooms, Model 2827A provides an efficient, space-saving hygiene solution while maintaining a clean and streamlined appearance.
