

MODEL 9555H-24

Options:

9555-24 Folding Shower Seat 600mm wide

9555-32 Folding Shower Seat 800mm wide

PRODUCT FEATURES:

- Stainless steel tubing
- Surface mounted
- 100% waterproof White HDPE seat

Overall Dimensions

600mm W x 390mm projection (when in use)

PRODUCT DATA:

CONSTRUCTION:

FRAME: Fabricated of type 304 stainless steel square tubing with exposed surfaces in architectural satin finish. Legs fit to floor.

SEAT: Fabricated from 12mm thick 100% waterproof HDPE (white).

All exposed edges are machined smooth to a uniform dark finish.

OPERATION:

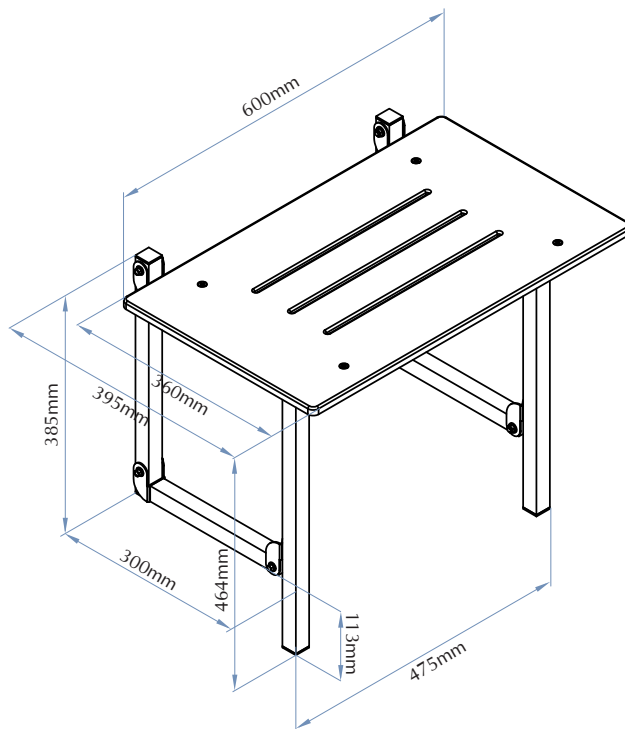

Hinged seat folds up and out of the way when not in use. When properly installed, seat can support up to 250kg static load.

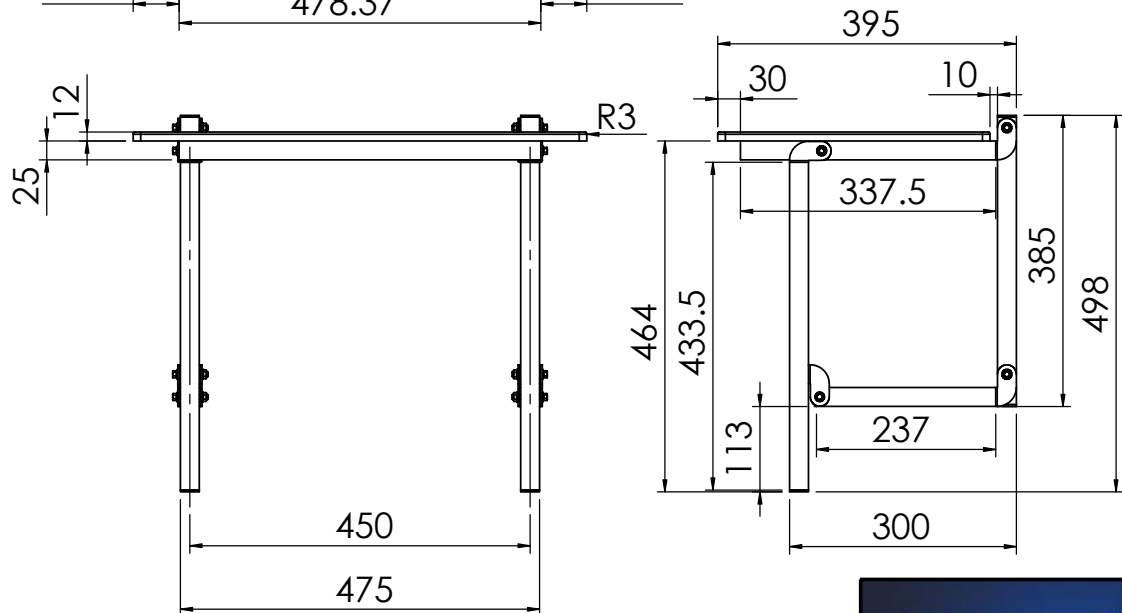

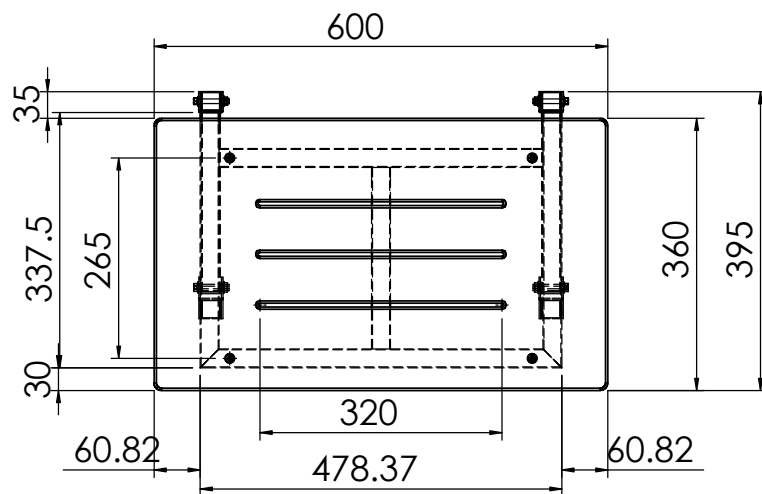

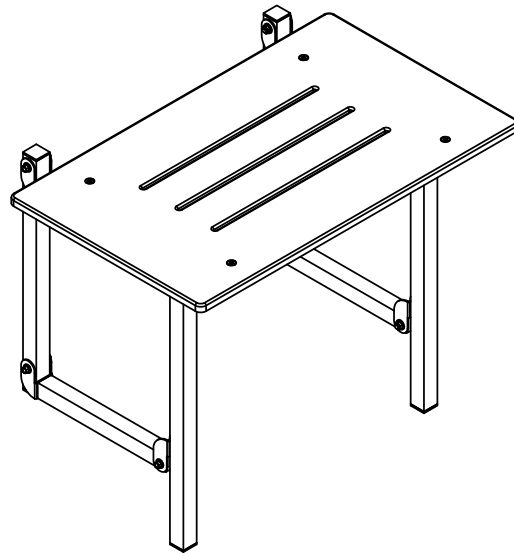

INSTALLATION:

Provide concealed backing or anchors as specified by architect before finished wall is applied. Secure to wall with mounting screws (included) at holes provided. Mount the unit so that the top of the seat is 475mm above the finished floor.

GUIDE SPECIFICATION:

Folding shower seat shall be fabricated of 12mm thick HDPE bonded to a phenolic core secured to a type 304 stainless steel frame of square tubing.
