PRODUCT DATA:

CONSTRUCTION:

High polished chrome spout and body (other finishes available).
Filters included. Latching solenoid valve is located above counter inside the product for added vandal protection. Option for installation: extension cable and extended piping.

RECOMMENDATION:

To specify matching foam soap dispenser use 6334-OP1, 6334-OP2, or for liquid soap dispenser use 6333-OP1 and 6333-OP2. Matching Hand dryer 220-633.

OPERATION:

Touch free electronic faucet for counter top mounted installations.
Activated by infrared sensor and closes automatically when hands removed, without dripping, ensuring a clean environment. Remote control option for ability to temporarily disable sensor and restore factory settings with model 633-13KREMOTE. Please see additional warranty for exclusions.

INSTALLATION:

Counter top mounted faucet via a 46mm diameter hole. Regular faucet installation with simple transformer connection.
Power source: 12 V transformer

Sensor range is default setting at 114mm, which is directly under the spout. This sensor range can be increased or decreased via a remote if required.

FINISHES AVAILABLE (CHROME STANDARD)

PVD COATING

- PVDPB - Polished Brass**
Particularly durable with a vintage flair and won't rust or corrode.
- PVDC - Copper**
Classic, warm and bold, it stands out in an incredible way.
- PVDAB - Antique Bronze Brass**
Dramatic and striking, adds a great ambiance and a touch of texture.

Finishes

- SBN - Stainless Steel (Brushed 316)**
The matte appearance of this sophisticated and cool finish hides fingerprints and water spots.
- MB - Matte Black**
Exceptionally versatile, easy to clean and doesn't show dirt, water spots or fingerprints.
